

EMERGENCY NOTIFICATION POLICY

Upon confirmation that there is a significant emergency or dangerous situation on or near the campus, BTS will notify, without delay, the faculty, staff, students, and the community. The website, Constant Contact, and phoning will be used to notify the seminary and larger community of the emergency. In the event of being notified of the emergency, individuals are responsible to stay away from the campus until the emergency situation has been mitigated. The notification system will be tested annually, announced or unannounced.
