Matthew and Patricia Millen – Honorary Co-Chairs

Matt is a former National Football League (NFL) linebacker. In Millen's 12-year NFL playing career, he played on four teams that won the Super Bowl. After his playing career, he became President and Chief Executive Officer of the Detroit Lions from 2001 to 2008. In 2009 he joined the broadcast booth and has worked for NBC, ESPN, the NFL Network, and Fox as a color commentator.

Pat is a counselor with an undergraduate degree in Education from Penn State University and a Master of Arts in Counseling degree from Missio Seminary. With additional training in trauma healing, she has worked with incarcerated women for more than a decade.

Matt Millen: *"The world is changing. We need to provide leaders for the church who understand the complexities of ministering in today's world. I know Missio Seminary is doing that, and I'm glad to be a part of this important campaign!"*

Pat Millen: *"As a graduate of Missio (and the mother of two other grads), I am convinced that we need to bring the distinctive quality of our ministry to more future pastors, counselors, and other leaders of our churches and ministries. This is a time when we need REALChange. Matt and I are committed to helping Missio accomplish the vision God has given us."*

Douglas MacGray, JD, CFP – Campaign Chair

Doug is president and founder of Stonecrop Wealth Advisors, Chadds Ford, PA. He previously served as senior vice president, principal, and a founding partner with Compass Ion in Conshohocken, PA. He also operated a comprehensive financial planning practice which he built after spending a dozen years in the private practice of law concentrating on estate planning and business law. Doug and his wife have three children, one of whom has joined him at Stonecrop. A graduate of Gordon College (Wenham, MA), Doug has served on the board of Missio since 2017.

"It is my great honor to be affiliated with Missio Seminary. I was attracted to this ministry because Missio teaches unchanging truths to a quickly changing world. It does this in a manner that is relevant and practical in bringing about positive change to the complex and difficult culture in which we now find ourselves."
